

Senior Category Manager

Do you want to join us in making wind competitive? We are looking for a Senior Category Manager to help us maintain Mita-Teknik's competitiveness by developing and driving category strategies with full responsibility from planning to meeting your goals.

Leading Supplier Selection & Performance

You will join our Sourcing & Procurement department, which is part of our Supply Chain. Your primary responsibility will be to drive and develop your own categories of products and suppliers. You will:

- › Lead supplier selection and qualification process
- › Negotiate contracts and price agreements
- › Lead supplier performance and follow-up
- › Work with continuous improvements together with your key suppliers
- › Work closely with R&D and Construction in NPI
- › Carry out sourcing analyses and elaborate recommendations
- › Handle NCR's towards your suppliers

You have a technical background, preferably in electrical engineering. In addition, you have extensive commercial understanding and experience within sourcing and procurement, preferably within low voltage electrical and electromechanical components. You master English at negotiation level, and if you also speak German, it will be an advantage.

"It is natural for you to identify new opportunities and you have the drive to pursue objectives and get positive results. Working in Sourcing & Procurement, you thrive in a dynamic workday, while keeping sight of your goals and priorities," says Hans Verner Mohr – VP, Supply Chain.

In this position you will report directly to the VP, Supply Chain, Hans Verner Mohr.

Dare to Make a Difference

To succeed in this position, you have to be a strong negotiator with focus on Total Cost of Ownership (TCO), and you possess solid knowledge of international contracts. You strive to ensure annual cost reductions in your category, and to make Mita-Teknik the preferred partner for our suppliers.

Do you dare to make a difference? Then send us an application to convince us that you are the Senior Category Manager we are looking for.

We do not have application deadlines on any of our open positions. We take candidates into the recruitment process continuously and close the vacancy once we have found the right candidate.

If you have questions in relation to this recruitment, please contact Hans Verner Mohr on +45 4045 5031.

Apply

Applications must be sent by e-mail to hvm@mita-teknik.com

Deadline for applications: as soon as possible

Workplace: Rødkærsbro

About Mita-Teknik

If you join Mita-Teknik, you will work for one of the world's leading suppliers of wind turbine control systems. It is an exciting and challenging industry with great perspectives. Mita-Teknik has been part of the control automation industry since 1969, and in the wind industry since the early 1980s. Since the beginning, Mita-Teknik has been an important contributor in developing the wind industry to where it is today, as we have supplied more than 50,000 high performance control systems for wind turbines in demanding environments around the world.

Mita-Teknik's headquarter is located in Rødkærsbro in Denmark and with development activities in Ukraine, production, sales and support activities in China.
